

About Us

Fabulous designer accessories with the click of a button!

At Ann's Fabulous Finds, we love designer accessories - especially designer handbags and jewelry! The business began after we had been helping others to achieve authentic and gorgeous items of their own. As it became clear that we weren't the only ones who couldn't get enough of the look, feel, and style, a business was born! We are experts and we guarantee authenticity to you, because that is all we are interested in, too. We hope you find these beautiful things as exciting and fun as we do! We love to hear from you, too. If you have any questions, we will do our best to answer them quickly and clearly. Feast your eyes on our site and always remember that we get to see them, feel them, and smell them all! It's a tough job, but somebody gets to do it!
